Hey Mike,

I am in tomorrow and then out for the remainder of the week. I'm free anytime tomorrow if you want to touch base.

For OU2, USACE wanted to have a call to discuss some well installation tomorrow. I told them 3-4 pm might be a possibility but that I would have to confirm with you when you're back tomorrow. If that does work let me know. I don't imagine that call would last long, so maybe we can tack on an OU1 discussion to that time.

Pete won't be back in the office until the week of the 21st.

Hi Jen,
I have some follow-up issues about the conference call with ERT last Wednesday.
Will you be in this week? Do you know if Pete will be back?
Thanks.
